Paediatric Audiologist Clinical Scientist

Middlesbrough - Audiology (South Tees Hospitals NHS Foundation Trust)

Salary: £31,383 - £41,373 Per Annum Hours Per Week: 37.5 Hours per week Job Type: Permanent
Reference: 328-PC-0031 Closing Date: 16 Sep 2016 Interview Date: 29/09/2016

We are looking for a paediatric Audiologist to join our team working across rural North Yorkshire and the urban areas around Teesside. We are looking for someone who has a wide range of experience in paediatrics, so that they have the confidence to assess and manage more complex cases.

The role will involve a full range of paediatric work including ABR, diagnosis of hearing loss, habilitation and assessment. As the sole provider of paediatric Audiology in the area, we are kept busy and carry out over 3,800 paediatric appointments each year. Clinics include tier 2 community clinics, complex assessments at the main hospital base and clinics at special schools. Paediatric habilitation is provided to all ages from newborn babies through to transition to the adult service working closely with the Auditory Implant Service to provide Bone anchored devices, middle ear implants and cochlear implants. We are fortunate to have our clinics well equipped with all services being provided in soundproof facilities with AC / BC / insert VRA, and transient otoacoustic emissions as a minimum. We also have a range of more specialist equipment to include the HearLab aided cortical system and video VRA. We have a particular emphasis on quality and working as part of a large team has the advantage of a shared knowledge base and support to discuss cases.

There is also the opportunity to get involved in the management of the service working closely with the Clinical Lead, if this is an area of interest or might be of interest in the future. Full support can be given to develop management and leadership skills if required.

South Tees Audiology is a large service with over 60 staff, who are proud to deliver high quality, innovative and comprehensive NHS Audiology care. The main purpose-built department is located in The James Cook University Hospital in Middlesbrough with additional outreach services across North Yorkshire, Teesside and County Durham. The service as a whole has over 45,000 patient contacts each year. South Tees Hospitals NHS Foundation Trust runs The James Cook University Hospital in Middlesbrough and the Friarage Hospital in Northallerton, providing district general hospital services for the local population in addition to a range of specialist regional services to 1.5 million people.

To discuss this post informally, please contact Helen Martin (Head of Audiology, Helen.Martin@stees.nhs.uk), or Trevor Foster, (Clinical Lead for paediatrics, Trevor.Foster@stees.nhs.uk) tel. 01642 854 071.
Specialist Physiotherapist-Parkinsons Advanced Systems Unit

Redcar Primary Care Hospital - Physiotherapy (South Tees Hospitals NHS Foundation Trust)

Salary: £26,302-£35,225 Hours Per Week: 15 hours Job Type: Permanent
Reference: 328-CD-0155 Closing Date: 09 Sep 2016

An exciting opportunity has arisen for an experienced Physiotherapist to work on an innovative project within a new Parkinson’s Advanced Symptom Unit (PASU) which will be based at Redcar Primary Care Hospital.

This project is the first of its kind in the country and aims to provide a ‘one stop shop’ for patients with Parkinson’s disease; this set up allows for close symptom monitoring in complex situations or may address a specific clinical need. You will work as part of a highly specialist multidisciplinary team including Consultant Neurologist, Parkinson’s Specialist Nurse, Occupational Therapist and Speech and Language Therapist.

The post holder will have significant post graduate clinical experience and should have completed all core rotations. Experience of working in both a neurological physiotherapy setting and prior community experience would be advantageous. You should have a breadth of experience in working with Parkinson’s disease/Parkinson’s Plus conditions and will require sound knowledge around movement strategy training and should demonstrate advanced clinical reasoning skills.

You will be supported by the Senior Specialist Physiotherapist and will be instrumental in developing this new service. You will be expected to participate in audit and must demonstrate a high level of organisation, motivation and enthusiasm. You will be responsible for a Band 3 therapy assistant and will be obliged to supervise Physiotherapy students.

We offer a comprehensive in-service training programme and staff are encouraged to maintain continuous professional development through workshops, regular clinical supervision and journal clubs.
Paediatric Cystic Fibrosis Specialist Physiotherapist
The James Cook University Hospital - Occupational Therapy (South Tees Hospitals NHS Foundation Trust)
Salary: £31,383-£41,373 Hours Per Week: 37.5 Hours Job Type: Permanent
Reference: 328-CD-0136 Closing Date: 30 Sep 2016 Interview Date: 10/10/2016

This is an excellent opportunity for an experienced and enthusiastic Physiotherapist.

South Tees Hospital NHS Foundation Trust is the largest hospital trust in the Tees Valley with two acute hospitals and services in a number of community hospitals and is close to the North Yorkshire Moors and within easy reach of Newcastle and Leeds.

The James Cook University Hospital in Middlesbrough is one of Europe’s largest and most modern hospitals providing a wide range of district general hospital services and specialist services including neurosciences, renal medicine, spinal injuries, major trauma, cardiothoracic, vascular surgery and cancer services.

We are looking for a dynamic, experienced and motivated physiotherapist to join our Cystic Fibrosis Team. Your role will be as an Advanced Practitioner Physiotherapist working in a multidisciplinary team in a variety of inpatient, outpatient and community areas across the Trust, Tees Valley and North Yorkshire.

The Teesside Cystic Fibrosis Team is based at the Regional Cystic Fibrosis Centre at James Cook University Hospital. The service has developed over the past 20 years and transformed over this time to reflect the evolving and challenging clinical advances in Cystic Fibrosis care. Its philosophy of care is underpinned by ensuring the delivery of high quality, patient centred, evidence based care for patients with Cystic Fibrosis and their families. Its aim is to afford children and young people with CF the best opportunities to benefit from new therapeutic advances and therefore maintain and enhance their health and quality of life.

The post holder will be expected to have substantial experience within paediatrics and significant knowledge and experience of the management of cystic fibrosis and respiratory disorders in this patient group.

The Physiotherapy Service is a well-established large progressive and dynamic service, which continues to develop within the Trust and have recently integrated with community services. The team is friendly and supportive and mentorship for this role will be available from other clinicians, Service Leads and from the Head of Physiotherapy. We have a comprehensive training programme and our staff are encouraged and supported in their CPD through workshops and clinical supervision. There is also an expectation to actively participate in audit and research.

For an informal discussion about this post please contact Philip Howard, Service Lead Critical Care and Respiratory Physiotherapy on 01642 850850 ext 55148.

Additional Clinical Services

Healthcare Assistant

Middlesbrough - District Nursing (South Tees Hospitals NHS Foundation Trust)
Salary: £16,800 - £19,655 per annum Hours Per Week: 37.5 hours per week Job Type: Permanent
Reference: 328-CC-0079 Closing Date: 11 Sep 2016

We are looking to recruit two experienced, dynamic and enthusiastic Health Care Assistants to support the community nursing team in Middlesbrough.

Successful candidates will be experienced in working in a health care setting with community experience and must have successfully completed NVQ level 3.

The successful candidate will have excellent communication and IT skills and be able to work on their own and as part of the team. They will work independently with minimum supervision (but under the direction of the nurse in charge) and must be able to make judgements in relation to clinical situations that involve determining the appropriate course of action.

The post holder must be able to organise, prioritise and adjust their own workload and demonstrate the ability to contribute to on-going development and improvements within the service.

It is essential for the role that the candidate has the ability to travel independently.

The post holder will be based at Unity House Middlesbrough however this is subject to change dependent on the needs of the service.

For further details contact Kerry Reay on 01642 813568
Supply Nursery Assistant

The James Cook University Hospital - Day Nursery (South Tees Hospitals NHS Foundation Trust)
Salary: £15,251 - £17,978 pro-rata Hours Per Week: Variable Hours Job Type: Permanent
Reference: 328-CP-0117 Closing Date: 14 Sep 2016 Interview Date: 21/09/2016

Play days Day Nursery is based on site at James Cook University Hospital and is registered by OFSTED the Early Years directorate to cater for 86 children a day. The age range covers children from 6 weeks until school age.

The nursery is open from 6.45am until 6.00pm Monday to Friday for 52 weeks throughout the year.

We are looking for dedicated supply Nursery Assistants who will be key in providing education and care for a group of children, liaising with parents and who will provide high quality child care. The role is to work as and when needed to meet the needs of the Nursery.

Do you have:
* A passion for childcare and the development of children
* An excellent understanding of the Early Years Foundation Stages and safe guarding responsibilities
* Good communication and interpersonal skills
* The ability to assist in the provision of a stimulating and creative environment for children aged 6 weeks to 5 years
* A caring approach to the individual needs of children

If you do then come and be a part of our friendly and professional team who share your passion for delivering the Early Years foundation stage to the highest standards through working in partnership with parents and safeguarding children. Previous experience of working within a day nursery setting would be welcome.

You will need to be flexible to work at short notice and work a variety of hours and days.

For further details contact Clare McAllen on 01642 282810
Rotational Pharmacist
The James Cook University Hospital and The Friarage Hospital - Pharmacy (South Tees Hospitals NHS Foundation Trust)
Salary: £26,302-£35,225 Hours Per Week: 37.5 Job Type: Permanent
Reference: 328-CD-0098 Closing Date: 09 Sep 2016 Interview Date: 03/10/2016

We are looking to recruit 4 enthusiastic, highly motivated pharmacists who want to develop their knowledge, skills and experience in Clinical Pharmacy.

You will work in a supportive environment with 1st class training and development opportunities that can offer you great potential for your career development. You’ll be part of a dynamic Trust that is committed to investing in its services and staff to ensure we continue to be at the forefront of delivering high quality, leading-edge services.

Working alongside a team of pharmacists who currently provide a high quality medicines management service, training will be provided as necessary. You will gain clinical experience in a variety of pharmacy services which includes clinical pharmacy services both to acute and community wards, medicine information, clinical trials, aseptic production and dispensing services. Within the clinical pharmacy services you will gain experience in various specialities e.g. medical, surgical, haematology, oncology, neurosciences, cardiothoracics, trauma, renal, paediatrics and care of the elderly both on acute and community wards at the James Cook University Hospital and The Friarage Hospital Northallerton.

Continuous professional development is encouraged and supported by regular training and peer review sessions for pharmacy staff, as is the opportunity of undertaking a diploma in clinical pharmacy. In addition you will be expected to undertake the required CPD to maintain registration with the GPhC.

For further information contact Julie Pagan Lead Pharmacist Education and Training.
Tel: 01642 850850 ext; 53244
Stores Supply Chain Assistant
The James Cook University Hospital - Procurement Operational Services (South Tees Hospitals NHS Foundation Trust)
Salary: £15,251-£15,516 Hours Per Week: 37.5 hours Job Type: Permanent
Reference: 328-CP-0118 Closing Date: 22 Sep 2016

The South Tees Hospitals NHS Foundation Trust has a vacancy for a Supply Chain Assistant stores person to work within the Trust’s Procurement Operational services team. This post will be predominantly based at the James Cook University Hospital but the successful applicant will be occasionally required to travel to the Friarage Hospital, Northallerton.

The responsibilities will involve the distribution of stock and nonstock goods and freight including beds and mattresses around the hospital using barrows or “pallies” as required.

For further details contact Paul Booth/Kathyn Pike on 01642 854915
Nursing & Midwifery Registered

Staff Nurse/Operating Department Practitioner
The James Cook University Hospital - Theatres (South Tees Hospitals NHS Foundation Trust)

Salary: £21,909-£28,462 Hours Per Week: 37.5 hours Job Type: Permanent
Reference: 328-CD-0152 Closing Date: 12 Sep 2016

Applications are invited from competent, able practitioners who wish to provide dynamic support to the theatre team.

The operating department includes 16 in-patient theatres within the Division plus the Surgical Day Unit (3 GA theatres). Included, is a recovery area within main theatres (10 bays), 26 recovery bays within SDU (10 Stage I & 16 Stage II) plus the recovery area within the new Paediatric Day facility. At the Friarage Hospital, Northallerton the operating department comprises of 6 main in-patient theatres, (which includes obstetrics) plus the SDU (1 GA & 2 endoscopy theatres). Included within the department are 10 recovery bays.

The theatres provide an operating service to the following clinical specialities:

General Surgery Gynaecology Urology
Plastic Surgery Orthopaedics Maxillofacial
Neurosurgery ENT

There is also provision for dedicated emergency theatres within the complex and provision to provide services to satellite areas such as MRI, CT, ECT, and Stent room plus giving support to A/E.

The division is committed to staff development and offers a good competency based training package. As the main tertiary centre within the Tees Valley, candidates will have the opportunity to develop their theatre skills in an exciting multi-speciality environment. Staff will also be at times expected to work across site. Good communication and organisational skills and the ability to work as part of a team are essential to this post.

For further information, please contact Robert Johnson on 01642 850850 ext 52692
Staff Nurse/Operating Department Practitioner

The James Cook University Hospital - Theatres (South Tees Hospitals NHS Foundation Trust)
Salary: £21,909-£28,462 Hours Per Week: 37.5 hours Job Type: Permanent
Reference: 328-CD-0153 Closing Date: 30 Sep 2016

Are you looking for a new challenge and to find a fulfilling career in healthcare? Do you want to make a difference to people’s lives?

South Tees Hospitals NHS Foundation Trust provides acute and community services across Teesside and North Yorkshire to over 1.5 million people. As an integrated provider we currently have opportunities available in acute care, primary care hospitals and community services. Do you know that we run services in East Cleveland, North Yorkshire and Hambleton and Richmondshire?

Do you have:

- A passion for delivering high quality patient care
- Outstanding communication and interpersonal skills
- The ability to deliver safe, effective and compassionate care
- A commitment to continual personal and professional development

The operating department at the James Cook University Hospital includes 20 in-patient theatres within the Centre, including obstetrics. Included, is a recovery area within main theatres plus the recovery area within the paediatric day facility. Also at The Friarage Hospital, Northallerton the operating department comprises of 6 main in-patient theatres, (which includes obstetrics) plus the Surgical Day Unit (1 GA &1 minor ops theatre).

The theatres provide an operating service to the following clinical specialities:

- General Surgery Gynaecology Urology MRI
- Plastic Surgery Orthopaedics Maxillofacial ECT
- Neurosurgery ENT Obstetrics Neuro x-ray
- Paediatrics Emergency

We would like to hear from qualified Operating Department Practitioners (ODP) and Registered Nurses to be a part of our dynamic theatre team at our high performing trust. We pride ourselves on excellence and aim to set the national standard for excellence in patient safety, quality and continuous improvement. Our 9,000 staff have an important role in fulfilling this aim, making working for the trust very rewarding. Staff have access to a range of benefits including pension, salary sacrifice schemes, on-site nursery and staff experience initiatives.

Following a period of appropriate training, our ODP’s and Registered Nurses provide assistance as a member of the Theatre team as an anaesthetic/recovery practitioner or scrub practitioner. As effective role models, our ODP’s and Registered Nurses develop their skills and abilities to supervise and plan evidence based interventional care for patients, moving from close supervision to proximal supervision.

We would be delighted to hear from any interested parties. Please call Angela Corr on 01642 850850 extension 55245 for an informal chat or to arrange a visit

For further details contact Angela Corr on 01642 850850 extension 55245
Advanced Neonatal Nurse Practitioner
Middlesbrough - Neonatal Intensive Care Unit (South Tees Hospitals NHS Foundation Trust)
Salary: Band 8a £40,028 - £48,034 Hours Per Week: 37.5 Job Type: Permanent
Reference: 328-CC-0077 Closing Date: 13 Sep 2016 Interview Date: 29/09/2016

An exciting opportunity has arisen for a qualified, confident and innovative Advanced Neonatal Nurse Practitioner to join our established team of five at South Tees NHS Hospitals Foundation Trust.

We have a growing unit which currently has 10 intensive care cots and 20 special care cots. With around 500 annual admissions we provide highly skilled neonatal care as part of the Northern Neonatal Network.

We are seeking a motivated and forward thinking ANNP who will possess excellent clinical skills, can exercise a high degree of autonomy and who is looking for development. One of our ANNP’s functions on the tier 2 rota and future additions to this are possible.

You will have excellent communication skills and will have experience of intensive care work together with an ability to teach and a thirst for knowledge and challenge.

You will work with a team of 6 neonatal consultants who are all supportive and nurturing towards the ANNP team. This role will also play a key part as a senior member of the nursing team and as such there will be opportunity to develop staff, get involved in unit improvements and be part of guideline and pathway developments. The unit also has a very well established research portfolio and the successful candidate would be encouraged to develop within this area.

To discuss the role in more detail please contact a member of the ANNP team on the Neonatal Unit: 01642 854871 or contact Sue Walker (Senior ANNP) directly on: 07516486173
We are currently looking for qualified nurses to join the Spinal Injuries Nursing team. This is a dedicated service for patients with spinal cord injuries. Our purpose built centre includes a 4-bed high dependency unit, 20 rehabilitation beds and a range of comprehensive dedicated therapy and rehabilitation facilities for inpatients and outpatients.

No experience in this speciality is required as training will be provided in either or both the acute and rehabilitation areas.

If you want the opportunity to make a difference, are committed to providing high standards of care and want to work within a dedicated multi-disciplinary team, we want to hear from you.

*For further details contact Glynis Peat on 01642 282648*

Salary: £31,383 - £41,373 per annum Hours Per Week: 37.5 hours per week Job Type: Permanent
Reference: 328-PC-0056 Closing Date: 16 Sep 2016 Interview Date: 20/09/2016

Are you looking for a professional challenge within an organization that is transforming the way in which we deliver services to our patients?

An exciting opportunity has arisen in South Tees Hospitals NHS Foundation Trust for a Manager for the Ophthalmology Out Patient Department and the Eye Casualty service at the James Cook University Hospital Middlesbrough

The department offers a full range of services for both adult and paediatric patients accessing the service for elective and acute treatment.

We are looking to recruit a dynamic, motivated and forward thinking Manager who can provide support and leadership to staff and who has the ability to demonstrate analytical and problem solving skills. The successful candidate will work closely with a wide range of professionals within the Ophthalmology services and externally to influence the ongoing development of this department.

In return, we offer a supportive and friendly environment and access to training and continuous professional development to enhance this role. The post holder will have support from the Service Manager for Ophthalmology Services and from the Matron and Associate Director of Nursing in the centre.

For this position the candidate would need to have evidence of previous operational management and service improvement skills and have the ability to foresee implications of decisions and impacts on other services.

For further details contact Annette Johnson on 01642 850 850 ext:55360
Staff Nurse

**James Cook University Hospital - Haematology** *(South Tees Hospitals NHS Foundation Trust)*

**Salary**: £21,909 - £28,462 per annum  
**Hours Per Week**: 37.5 hours per week  
**Job Type**: Permanent  
**Reference**: 328-SC-0094  
**Closing Date**: 16 Sep 2016

An exciting opportunity has arisen within the Haematology Directorate. We are looking for an enthusiastic and highly motivated Band 5 Nurse to support our Haematology Ward 33. Ward 33 is a busy in patient Haematology/Dermatology Unit based at the James Cook University Hospital in Middlesbrough providing care for patients with a wide range of haematological disorders who may be undergoing radiotherapy/chemotherapy and experiencing side effects. We also provide palliative care in the final stages of their illness. We are also the first choice ward for any patients requiring dermatological in-patient care. You will be joining a well-established team whose philosophy is to deliver the best possible care to patients using evidence based practice to inform decisions. The patient is central to our beliefs and values and is a unique individual who deserves the right to receive healthcare in a safe, timely manner whilst respecting cultural and spiritual differences in an environment that is appropriate to their needs. Under the framework of Clinical Governance, standards of care are regularly audited, monitored and evaluated, in order for clinical effectiveness to flourish and demonstrate best possible practice.

You will work within a team to promote and provide high quality care and have excellent interpersonal communication skills. You will be able to demonstrate excellent clinical skills. If you are a practising Registered Nurse we would like to hear from you.

There is an expectation that you will rotate within the haematology service incorporating day unit and ward (potential for dual site cover). Applicants must be able to work flexibly across a range of shift patterns.

For further information and informal discussions please contact Lisa Collins Ward Manager, Haematology Day Unit ext 54937
Clinical Sister
James Cook University Hospital - Older People Care (South Tees Hospitals NHS Foundation Trust)
Salary: £26,302 - £35,225 Hours Per Week: 37.5 hours per week Job Type: Permanent
Reference: 328-CC-0081 Closing Date: 16 Sep 2016 Interview Date: 03/10/2016

An exciting development opportunity has arisen for an experienced, motivated Registered Nurse to join an innovative, committed team making positive changes happen daily and join our team as a Clinical Sister. There has never been a better time to join the Older People Care ward at James Cook University Hospital. Ward 12 is a busy, 26 bedded, mixed sex care of the Older People ward.

We are looking for a determined and dedicated registered nurse who shares in our Trust values;
* Putting the needs of patients at the centre of everything we do
* Continuously improving quality
* Supporting, respecting and valuing each other
* Using our resources to the benefit of the wider community
* Financially strong to underpin quality, safety and improvement

You will take pride in your responsibility for the quality of care in our clinical area, providing clinical and professional leadership to your multi-disciplinary team and creating an empowering equitable culture.

Alongside providing high standard patient care you will be expected to support the ward manager in the general running of the ward and deputise in their absence. This will provide you with exciting opportunities to develop your management and leadership skills.

Ideally the applicant should have experience of caring for elderly patients should be committed and dedicated to the provision of high quality, safe care of our patients.

For further details contact Senior Sister Samantha Roberts on 01642 854512
Staff Nurse

James Cook University Hospital - Neurosciences Services (South Tees Hospitals NHS Foundation Trust)

Salary: £21,909 - £28,462 per annum  Hours Per Week: Various Hours  Job Type: Permanent  Reference: 328-SC-0015  Closing Date: 19 Sep 2016

NEUROSURGERY/NEUROLOGY/NEURO REHABILITATION

Full and part time applications welcome.

Neurosciences Services have exciting full and part-time opportunities for registered nurses interested in a career in Neuroscience specialities.

The successful candidates will be employed by the Neurosciences service, which encompasses Neurosurgery Ward 24, Neurosurgical High dependency unit, Neurology ward 25 and neuro-Rehabilitation ward 26. We are a dynamic sub-regional service, offering critical care competency based training for Neurosurgical high dependency care. This is a busy service area, which takes pride in delivering high quality patient centred care and innovative practice.

We would welcome applicants with relevant experience, however full training will be given so experience is not essential. You will be supported by a well developed, preceptorship package and enjoy an academic and practical induction to the Directorate. Personal and professional development is encouraged and the environment is conducive to learning with opportunities for personal development. For candidates interested in critical care, following the period of preceptorship staff nurses undertake a nationally developed Critical Care Competency package to support individual and team development.

If you are interested and would like further information or a visit to the department please contact relevant Ward managers/HDU Manager via hospital switchboard on 01642 850850.
An opportunity has arisen for an enthusiastic and committed Trained Nurse with excellent communication skills to join the progressive Centre for Clinical Infection. The successful candidate will be working predominantly within the outpatient IV antibiotic & infusions service where they will have the opportunity to develop skills in; the expert care of central lines, the insertion of Midline Catheters and peripheral cannula, complex wound care management, and be involved in the teaching of self-administration of IV antibiotics to patients or their carers.

This busy award winning outpatient department is constantly evolving and expanding and as such could potentially result in the post expanding in terms of hours to match the service. The department is host to a variety of clinics including; General Medicine, HIV, Hep C, MRSA, Research, and Chronic Fatigue.

This would be an ideal post for an experienced trained nurse who is interested in working in a nurse led environment. For those who wish to be part of this small friendly team, the ability to work independently in a busy environment, have good time management skills, a positive outlook and a willingness to embrace change, together with a good sense of humour are essential requirements.

The department is open Mon-Friday 8-6, and 8-1 at weekends and bank holidays therefore a flexible approach to hours worked is absolutely essential.

Previous experience in an Outpatient setting would be an advantage but is not essential.

*For further details contact Lesley Hotchkiss on 01642 854389*
Staff Nurse
James Cook University Hospital - Ward 6 (South Tees Hospitals NHS Foundation Trust)
Salary: £21,909 - £28,462 per annum Hours Per Week: 37.5 hours per week Job Type: Fixed term
Reference: 328-SC-0080 Closing Date: 19 Sep 2016

We are currently offering an opportunity for a staff nurse to work within the vascular surgical ward. We are looking for a highly motivated, enthusiastic and hard working individual who is dedicated to providing the best care possible to patients. Our patients are central to everything we do and we expect our nurses to provide high standards of care with commitment, compassion and competence.

The nursing team works closely with clinical nurse specialists, surgical care practitioners and other allied health professionals to create an effective multi-disciplinary approach for our patient’s journey.

We are currently following the model ward concept and wish to appoint a nurse who is forward thinking and keen to engage in ward initiatives to develop the service we provide.

The successful candidate will be given a 6 month preceptorship period and opportunities to develop their skills further.

**Staff Nurse**

**James Cook University Hospital, Middlesbrough - Cardiology (South Tees Hospitals NHS Foundation Trust)**

**Salary:** £21,909 - £28,462 per annum  
**Hours Per Week:** 37.5 hours per week  
**Job Type:** Fixed term  
**Reference:** 328-SC-0041  
**Closing Date:** 16 Sep 2016

Ward 29 and the monitored bay is a 36 bedded cardiology unit which includes up to 15 medical patients. It caters for acute cardiology patients who have had or are waiting cardiology investigations. Ward 29 has 27 beds and the monitored bay has 9 beds.

We are a regional centre for cardiology committed to the provision of high quality evidence based patient care. We are seeking to appoint a motivated and dedicated individual with a keen interest in care to join our friendly team. In return we can offer excellent opportunities for professional development within a supportive working environment, allowing you to reach your full potential.

The department encourages all staff to develop their skills and in service training will be provided. We are therefore seeking a highly motivated and enthusiastic Registered General Nurses to join our teams.

The applicants must be committed to providing a high standard of patient care, and also to their own professional development. He/she will have excellent communication skills and supportive and open to new initiatives.

South Tees is a high performing Trust, employing 9000 staff, providing acute and community services. We pride ourselves on excellence and are situated at the heart of a great place to live.

*For further details contact Sarah Goswami on 01642 854529*
Staff Nurse

James Cook University Hospital - Ward 10 & 12 (South Tees Hospitals NHS Foundation Trust)

Salary: £21,692 - £28,180 per annum  Hours Per Week: 37.5 Hours per week  Job Type: Permanent
Reference: 328-CC-0008  Closing Date: 16 Sep 2016

Are you looking for a new challenge and to find a fulfilling career in healthcare? Do you want to make a difference to people’s lives?

South Tees Hospitals NHS Foundation Trust provides acute and community services across Teesside and North Yorkshire to over 1.5 million people. As an integrated provider we currently have opportunities available in the Older People Directorate.

Do you have:
* A passion for delivering high quality patient care
* Outstanding communication and interpersonal skills
* The ability to deliver safe, effective and compassionate care
* A commitment to continual personal and professional development

If you do then come and be a part of the team in our Older People Care Directorate. Wards 10 and 12 are part of the overall Care of the Older People Directorate receiving admissions from both Acute Assessment Units, Ambulatory care and directly from A & E/HDU. The ward provides acute, holistic, multi-disciplinary approach to the care of the older person. As a Directorate, we are committed to recruiting staff that will help us meet our overall vision and care service delivery for the older person.

An exciting opportunity has arisen within the Directorate for Registered Nurses to support and complement the existing multi-disciplinary team comprising Consultants, Junior medical staff, Allied Health Professionals, Mental Health Team and Social Services.

Older People nursing is a rewarding and challenging career where you have a real chance to make a difference. As part of your role, you can expect to learn practical skills and procedures that benefit patients. Your role will mean working with the older population which includes those individuals with one or more long or short-term physical health conditions. This could include heart disease, injuries from an accident, pneumonia, arthritis, diabetes or end of life care. Focus is placed on a multi-disciplinary team approach to ensure maximum patient outcomes.

We will work together with you to enable you to be a key team member to inspire and motivate your colleagues. We will provide you with appropriate support and guidance to fulfil your maximum potential and learning opportunities. We will be open to your new ideas to improve efficiency and service delivery whilst empowering you to develop a strong sense of ownership for clinical service delivery and team development.

Are you committed to providing excellent patient care in a nurturing and supportive environment? Do you wish to be part of a dynamic innovative multi-disciplinary team committed to the provision of high quality care for the older population? If you would wish to work as part of our Team we would like to hear from you.

Informal visits positively encouraged, please arrange a visit by contacting us.

Specialist Nurse Safeguarding

James Cook University Hospital - Safeguarding (South Tees Hospitals NHS Foundation Trust)

Salary: £31,383 - £41,373 per annum  Hours Per Week: Various hours  Job Type: Permanent
Reference: 328-CP-0105  Closing Date: 09 Sep 2016  Interview Date: 20/09/2016

Would you like to develop your career in Safeguarding Children and are you committed to improving outcomes for vulnerable children and their families? If so we would like to tell you about the exciting new opportunity at South Tees NHS Foundation Trust.

This post would suit those who want to develop an all-round experience of safeguarding children within both hospital and community based services. Our Safeguarding Team is progressive and innovative and we continually strive to ensure that all Trust staff know their safeguarding roles and responsibilities and are equipped to improve services and outcomes for children and young people.

As a member of the safeguarding team you will provide specialist supervision, advice, education and support to South Tees Trust staff who are dealing with cases of actual or suspected child maltreatment.

This is an exciting and challenging opportunity for a highly motivated and enthusiastic nurse with significant safeguarding children experience and a genuine commitment to safeguarding and promoting the welfare of children and young people to assist the Trust in meeting its safeguarding responsibilities.

It is essential that you are a registered nurse or midwife, with experience in dealing with child protection. You will need to demonstrate excellent communication and team working skills and the ability to organise your own time effectively.

A full time post and a part time post of 30 hours per week available.

Informal discussions are welcome.

For further details contact Elaine Sherrick on 01642 835 601

Charity Financial Controller

James Cook University Hospital - Charity (South Tees Hospitals NHS Foundation Trust)

Salary: £31,383 - £41,373 per annum  Hours Per Week: 37.5 hours per week  Job Type: Permanent

Reference: 328-CP-0119  Closing Date: 20 Sep 2016  Interview Date: 04/10/2016

South Tees Hospitals Charity the charity of South Tees NHS Foundation Trust is seeking to appoint an experienced CCAB qualified accountant/finance professional who will make a real contribution to the development of the Charity, embracing new opportunities and ways of working that will ultimately enhance the care and treatment of patients across our region.

You will be a senior financial manager with experience of charity finances who is able to provide effective leadership and continuous oversight of the Charity’s financial affairs. You will possess excellent financial, managerial and communication skills, have experience of working across departments and disciplines, and will have a positive approach to the management of the Charity’s resources.

Reporting to the Charity Director, you will be critical to our success as we develop new reporting systems. The ability to engage stakeholders continually and cultivate relationships at the highest levels is essential. This is particularly important in respect of those NHS staff charged with helping the Charity to ensure that funds are spent wisely and achieve maximum patient benefit.

You will develop and deliver all financial policies and procedures including the preparation of annual accounts, management accounts, cash flow forecasts and budgets. You will also advise on governance matters and ensure compliance with all relevant legal requirements. You will liaise across the Charity and the Trust to ensure financial procedures maximise income, that donations reach the Charity as quickly as possible, and that financial procedures facilitate high levels of donor care and satisfaction.

Financial Assistant

The James Cook University Hospital - Finance Governance (South Tees Hospitals NHS Foundation Trust)
Salary: £15,251-17,978 Hours Per Week: 37.5 Hours Job Type: Permanent
Reference: 328-CP-0116 Closing Date: 09 Sep 2016 Interview Date: 26/09/2016

Are you looking for a challenge?

Do you want to be part of a newly restructured Finance Department at the forefront of clinical engagement? NHS experience is not a prerequisite, our Director of Finance and many others in the team come from a commercial background.

You will be fully aware of the difficult financial position the trust is facing and the need for us to deliver a recovery plan that includes making savings of £90m over three years.

To do this we have embarked on a programme of transformational change that will eventually touch all areas of the organisation. As part of that programme we have been reviewing our financial services to ensure they provide the most effective and efficient support possible to our frontline clinical services.

The Trust is committed to developing a world class finance department and the current restructure is the first part in this process.

As a result of the restructure a fantastic opportunity has arisen for committed and enthusiastic individuals to join our progressive and forward thinking finance department.
These are very exciting roles for people with an impressive record of achievement in their career to date. In return the Trust can offer the successful candidates the opportunity to develop professionally and further advance their career.

Consultant in Older Persons Services/Clinical Director

Middlesbrough - Care of the Elderly (South Tees Hospitals NHS Foundation Trust)

Salary: National Pay Scales Apply  Job Type: Permanent
Reference: 328-C02022  Closing Date: 30 Sep 2016

The Department of Older Persons Service within The Community Care Centre is looking to appoint 1 Consultant Physician with an interest in Care of the Older Person. This post will also encompass the Clinical Director role for the Care of the Older Persons services as well as strengthen the Consultant Team at South Tees Hospitals NHS Foundation Trust.

The purpose of this post is to enable the Trust to expand and support the Care of the Older Persons Units with a strong therapy input to support elderly patients with acute illness to recover and return home in a timely fashion. Our aim is to be an innovative and responsive provider, delivering high quality integrated care to make a positive difference to the health, well-being of the elderly population. The Centre Senior Management and Nursing Team provide a forward-thinking clinical and professional leadership ensuring that nursing care is delivered to a high standard, with particular emphasis on dignity and compassion. This team work closely with the Clinical Director and Consultants in developing the service strategy and business plan.

Within the Older Persons Service we are developing services and clinical pathways to encompass acute older persons care, orthogeriatric services, community hospital pathways and potential input into a community hub being commissioned by the CCG.

Please see the full job descriptions on line and visits to the unit are strongly encouraged, to fully appreciate the harmonious working relationships across the Trust and specifically how these developments in acute medical and older persons pathways would make working in this unit a fulfilling career in older persons medicine.

South Tees Hospitals NHS Foundation Trust is an organization with real ambition, often found leading on new ideas and innovation. This role is key to securing and building our future success within the Centre. We are one of the largest Trusts in England, comprising of the James Cook University Hospital, Middlesbrough and the Friarage Hospital, Northallerton. The James Cook University Hospital is a major tertiary and teaching centre with over 1,000 beds, serving a largely urban population. It provides comprehensive regional specialties including Cardiothoracic Surgery, Neurosurgery, Maxillofacial Surgery, Plastic Surgery, ENT and Ophthalmic Surgery. It is a regional centre for Spinal Injury, Upper GI and Vascular Surgery. All other major specialties are catered for. The Friarage Hospital, Northallerton, serves a population of 120,000 covering 1,000 sq miles of rural North Yorkshire, and provides local medical services for the area. The Community Care Centre is responsible for the care of the elderly in South Tees area (Middlesbrough, Redcar and East Cleveland) and in adjacent areas of North Yorkshire - approximately 42,000 people over retirement age and 21,000 over the age of 75 years.

Recently rated as one of the best in the country for patient safety and one of the top 40 hospitals by CHKS for the tenth year running, the Trust is one of the largest Foundation Trusts in England. Working in the North East offers an excellent quality of life. This area boasts great transport links with easy access to a beautiful coastline/countryside and a great range of local amenities, shopping and nightlife.

Applicants should possess full GMC registration, MRCP (or equivalent) and either already be on the Specialist Register or be within 6 months of receiving their Certificate of Completion of Training (CCT) at the time of interview.

The successful candidate will be appointed under the current terms and conditions of service for NHS Consultants. Full consideration will be given to applicants who wish to apply for a reduced/part time contract.

South Tees Hospitals Vacancy Bulletin

34
Consultant MSK Radiologist

**Middlesbrough - Radiology (South Tees Hospitals NHS Foundation Trust)**

**Salary:** National Pay Scales Apply  
**Job Type:** Permanent  
**Reference:** 328-CO2028  
**Closing Date:** 09 Sep 2016

South Tees Hospitals NHS Trust is the largest Trust in the Tees Valley, comprising two acute sites; James Cook University Hospital, Middlesbrough, Friarage Hospital, Northallerton and seven community hospitals. South Tees offers several major tertiary services, including cardiothoracics and vascular surgery, neurosciences, renal dialysis, a large radiotherapy centre and is a Major Trauma Centre. The Trust is a teaching centre for under and post graduate medical education and has a Radiology registrar training programme.

The Division is nationally acknowledged as one of the top performing Imaging and Interventional services. Complex vascular stenting procedures have been performed for 14 years. The NVD data base confirms excellent mortality outcomes for endovascular treatment of aortic aneurysms. The Division has its own 6 bedded Day Unit with a supporting team of skilled nurses and radiographers to support patient intervention and diagnostic procedures.

The combined departments provide a full range of digital imaging facilities including 2 x 1.5T MRI and 3 x multi-slice CT scanners and a fully equipped Endovascular room to theatre standards. There are 2 x 64 slice scanners and we are currently procuring a replacement 128 slice system which will be operational in 2014. Further 64 slice CT and 1.5T MRI machines occupy a geographically separate Neuro-imaging department with a research orientated 3T MRI machine also available for NHS cases. There is Trust-wide second generation PACS with voice recognition reporting.

Consultant Radiologists work as a strong team both within the Division and with other clinical colleagues. Weekly MDTs and clinical meetings are held across all specialities to promote best practice and patient outcomes.

We are inviting applications for an enthusiastic and skilled colleague to join this team and help expand and develop the Radiology service.

The successful applicants will be expected to contribute to these services and the general workload, holiday and sickness cover for colleagues. The department operates extended and seven day working; sessions can be worked flexibly.

The quality of life for professionals and their families in the North East of England is excellent with easy access to attractive countryside and coast including the Yorkshire Dales and North York Moors National Parks. There are several local highly rated schools and attractive market towns and villages.

Applicants should possess full GMC registration, FRCR (or equivalent) and either already be on the Specialist Register or be within 6 months of receiving their Certificate of Completion of Training (CCT) at the time of interview.

The successful candidate will be appointed under the new terms and conditions of service for NHS Consultants. Full consideration will be given to applicants who wish to apply for a reduced/part time contract.

For further information about the posts or to arrange an informal visit interested applicants are kindly invited to please contact Dr. Simon Milburn, Clinical Director on 01642 854786. For queries relating to your application or the process, please contact the Resourcing team on 01642 854811.
Consultant Stroke Physician

James Cook University Hospital - Neurology (South Tees Hospitals NHS Foundation Trust)
Salary: National Payscales Apply Hours Per Week: 37.5 Job Type: Permanent
Reference: 328-SC-0088 Closing Date: 20 Sep 2016

We are seeking to fill a permanent post within our active and growing Stroke service. You may be a Stroke Physician or a Neurologist with a keen interest in Stroke, or wish to combine Stroke Medicine with Elderly Care or General Acute Medicine.

You are invited to join a forward looking stroke team who have developed a high performing hyper-acute service, receiving approximately 750 confirmed cases per year. Stroke consultants work alongside nurse practitioners and committed nursing and therapy staff to deliver a high quality service in hyper-acute stroke care on a dedicated ward supported by seven-day therapy working, daily TIA clinics and community rehabilitation. The stroke service is one of the best performing in the country based on the latest SSNAP scores.

Within the Trust's Specialist Centre, we work closely across stroke, neurology and neuroradiology including provision of a thrombectomy service, and vascular surgery, with a weekly MDT. The unit is an active part of the stroke research network with a clinical trials officer to coordinate research activity.

We are seeking to develop the service further, to introduce telemedicine, and consolidate our position the key player providing stroke services to our regional population across the Tees Valley and North Yorkshire.

Potential applicants are strongly encouraged to visit the unit to gain a greater understanding of the clinical service and career opportunities available here. Working in the North East offers an excellent quality of life. This area boasts great transport links with easy access to a beautiful coastline, countryside and a great range of local amenities and good schools.

Applicants should possess full GMC registration, MRCP (or equivalent) and either already be on the Specialist Register or be within 6 months of receiving their Certificate of Completion of Training (CCT) at the time of interview.

The successful candidate will be appointed under the current terms and conditions of service for NHS Consultants. Full consideration will be given to applicants who wish to apply for a reduced/part time contract.

For further information about the post or to arrange an informal visit, please contact Dr Adrian Bergin, on 01642-853586, or e-mail Adrian.bergin@stees.nhs.uk. For queries relating to your application or the process, please contact Julie Siviter, Senior Secretary, Neurosciences, on 01642 854118,
Consultant in Older Persons Services

James Cook University Hospital - OrthoGeriatrics (South Tees Hospitals NHS Foundation Trust)

Salary: Current NHS Consultant terms and conditions  
Hours Per Week: 10 PA contract  
Job Type: Permanent  
Reference: 328-A-16-22119  
Closing Date: 30 Sep 2016

The Department of Older Persons Service within The Community Care Centre is looking to appoint 1 Consultant Physician with an interest in orthogeriatrics.

The purpose of this post is to enable the Trust to expand and support the Care of the Older Persons Units with a strong therapy input to support elderly patients with acute illness to recover and return home in a timely fashion. Our aim is to be an innovative and responsive provider, delivering high quality integrated care to make a positive difference to the health, well-being of the elderly population. Within the Older Persons Service we are developing services and clinical pathways to encompass acute older persons care, Orthogeriatric services, community hospital pathways and potential input into a community hub being commissioned by the CCG. The Centre Senior Management and Nursing team provide a forward-thinking clinical and professional leadership ensuring that nursing care is delivered to a high standard, with particular emphasis on dignity and compassion. This team work closely with the Clinical Director and Consultants in developing the service strategy and business plan.

South Tees Hospitals NHS Foundation Trust is an organization with real ambition, often found leading on new ideas and innovation. This role is key to securing and building our future success within the Centre. We are one of the largest Trusts in England, comprising of the James Cook University Hospital, Middlesbrough and the Friarage Hospital, Northallerton. The James Cook University Hospital is a major tertiary and teaching centre with over 1,000 beds, serving a largely urban population. It provides comprehensive regional specialties including Cardiothoracic Surgery, Neurosurgery, Maxillofacial Surgery, Plastic Surgery, ENT and Ophthalmic Surgery. It is a regional centre for Spinal Injury, Upper GI and Vascular Surgery. All other major specialties are catered for. The Friarage Hospital, Northallerton, serves a population of 120,000 covering 1,000 sq miles of rural North Yorkshire, and provides local medical services for the area. The Community Care Centre is responsible for the care of the elderly in South Tees area (Middlesbrough, Redcar and East Cleveland) and in adjacent areas of North Yorkshire - approximately 42,000 people over retirement age and 21,000 over the age of 75 years.

Recently rated as one of the best in the country for patient safety and one of the top 40 hospitals by CHKS for the tenth year running, the Trust is one of the largest Foundation Trusts in England. Working in the North East offers an excellent quality of life. This area boasts great transport links with easy access to a beautiful coastline/countryside and a great range of local amenities, shopping and nightlife.

Applicants should possess full GMC registration, MRCP (or equivalent) and either already be on the Specialist Register or be within 6 months of receiving their Certificate of Completion of Training (CCT) at the time of interview.

The successful candidate will be appointed under the current terms and conditions of service for NHS Consultants. Full consideration will be given to applicants who wish to apply for a reduced/part time contract.

Please see the full job descriptions on line; visits to the Centre are strongly encouraged, to fully appreciate the harmonious working relationships across the Trust and specifically how these developments in acute medical and older persons pathways would make working in this a fulfilling career in older persons medicine.

For further information about the post or to arrange an informal visit, please contact Dr Sath Nag Medical Director, Community Care on 01642 854307. For queries relating to your application or the process, please contact the Human Resources Department on 01642 850850.

Closing date: 17 September 2016

For further details contact Dr Sath Nag on 01642 850850 Ext 54307 or sath.nag@stees.nhs.uk
Trust Specialist Registrars

Middlesbrough - General Surgery (South Tees Hospitals NHS Foundation Trust)
Salary: £30,302 - £40,090 pa Hours Per Week: Full shift Job Type: Fixed term
Reference: 328-497 Closing Date: 17 Sep 2016

Three Posts to commence 5th October 2016 for a period of twelve months.

The post offers a comprehensive experience in all aspects of the specialty in a well-supported and closely supervised environment. The three posts have sub-specialty interests in Colorectal surgery, Breast & Endocrine surgery, and Upper GI surgery.

This post will provide support to the Consultants within the General Surgery Unit and participate in outpatient clinics, operating sessions and emergency on call. The post holder will also supervise juniors within the department and will be involved in teaching.

Full registration with the General Medical Council is essential and some experience as Registrar would be desirable.

The posts are whole time with a 1:11 full shift pattern. The banding is 1B, full prospective cover will be included. The department consists of 14 Consultants, 11 Specialist Registrars 6FY2/CT Level Doctors and 11 Foundation Year 1 Doctors.

For further details contact Mr D Aitken on 01642 854042 or lorraine.grayson@stees.nhs.uk
Applications are invited for a post of Consultant in Neurology based at the James Cook University Hospital in Middlesbrough. A locum position is also available.

Each Neurologist undertakes general neurology as well as special interest clinics, enabling a comprehensive range of neurological services to be provided. Our department maintains a team ethos which has been nurtured over the years. In addition to general neurology, the post offers the successful candidate the opportunity to develop their special interests, with the option of protected research time.

Our good working relationship with Neuroscience colleagues in Stroke Services Neurophysiology, Neurosurgery, Sleep and Neurorehabilitation, and with Neuroradiology, Neuropsychology as well as the wider hospital community, help us to deliver an efficient and well regarded neurology service to a population of around 1.2 million.

We have a reputation as a convivial unit within which we enjoy a fulfilled professional life. Each neurologist is involved in teaching of undergraduates and postgraduates, some participating more than others, and individual contribution to this activity, as well as in managerial and other roles, is flexible. There are numerous opportunities and encouragement for career development.

Applicants should possess full GMC registration, MRCP (or equivalent) and be on the Specialist Register or within 6 months of receiving their Certificate of Completion of Training (CCT) at the time of interview. The successful candidate will be appointed on a 10 PA contract under the terms and conditions of service for NHS Consultants. Applicants who wish to apply for a reduced/part time contract are welcome.

South Tees Hospitals NHS Foundation Trust is one of the largest Trusts in England, comprising the James Cook University Hospital, Middlesbrough and the Friarage Hospital, Northallerton. The James Cook University Hospital is a major tertiary and teaching centre with over 1,000 beds, serving a mixed urban and rural population and providing comprehensive regional specialties.

The North East of England is a great place to live and work, with a good quality of life for professionals and their families, affordable high quality housing in a town or village environment, easy access to attractive countryside and beaches, a choice of highly rated schools and good travel access by road, rail or air.

For further information or to arrange an informal visit, please contact:

Dr Simon Taggart, Clinical Director for Neurology and Stroke Services, Consultant in Neurophysiology, tel. 01642 85411 Simon.taggart@stees.nhs.uk

Dr Paul McKee, Consultant Neurologist, Tel: 01642 854208 paul.mckee@stees.nhs.uk

For all queries relating to electronic application submission or interview arrangements please contact: Ms Julie Siviter, Senior Secretary, Neurosciences, Tertiary Services Centre, The James Cook University Hospital, Marton Road, Middlesbrough, TS4 3BW, julie.siviter@stees.nhs.uk. Tel: 01642 854118.
Applications are invited for the above post, to commence 5th September 2016 to 1st August 2017. South Tees Hospital NHS Foundation Trust is one of the largest in the country and provides a comprehensive range of medical and surgical specialties including the full range of neurological specialties. There are active postgraduate surgical and medical programmes and excellent library facilities are available. This post is suitable for those with particular interest in Neurology, or Doctors who require Neurological experience to augment training in another specialty, or someone who needs Neurology to facilitate MRCP Training. The post is based in a unit comprising a 21-bedded ward, outpatient facilities, Neuropsychology and with a further 18 Neuro-rehabilitation beds nearby. Neurosurgery, Neurophysiology and Neuroradiology are close and the department contains its own library. The Trust Doctor post is not officially approved by the Postgraduate Dean however, the postholder will be offered first-rate experience and exceptional training under close supervision. There are excellent opportunities for career progression within the Trust. Full GMC registration with a licence to practice is required. The post will attract an out of hours supplement at a minimum of Band 1B. Full details and application form available online from nhs jobs, job reference 328-NE-088

PLEASE NOTE THAT WE CONTACT ALL APPLICANTS VIA EMAIL AND WOULD ADVISE YOU TO CHECK YOUR EMAILS REGULARLY.

Consultant Gynaecologist with a subspecialty in Gynaec Oncology

Middlesbrough - Obstetrics and Gynaecology (South Tees Hospitals NHS Foundation Trust)

Salary: National Pay Scales  
Job Type: Permanent  
Reference: 328-CO2033  
Closing Date: 22 Sep 2016

The Centre for Community Care is looking to appoint 1 Consultant Gynaecologist with a subspecialty in Gynaecological Oncology.

Our aim is to be an innovative and responsive provider, delivering high quality care so as to make to make a positive difference to our patients and community.

The successful Consultant will work closely with the Clinical Director and Consultants in developing the service strategy and business plan.

South Tees Hospitals NHS Foundation Trust is an organisation with real ambition, often found leading on new ideas and innovation. This role is key to securing and building our future success within the Centre. We are one of the largest Trusts in England, comprising of the James Cook University Hospital, Middlesbrough and the Friarage Hospital, Northallerton. The James Cook University Hospital is a major tertiary and teaching centre with over 1,000 beds, serving a largely urban population. It provides comprehensive regional specialties including Cardiothoracic Surgery, Neurosurgery, Maxillofacial Surgery, Plastic Surgery, ENT and Ophthalmic Surgery. It is a regional centre for Spinal Injury, Upper GI and Vascular Surgery. All other major specialties are catered for. The Friarage Hospital, Northallerton, serves a population of 120,000 covering 1,000 sq miles of rural North Yorkshire, and provides local medical services for the area.

Recently rated as one of the best in the country for patient safety and one of the top 40 hospitals by CHKS for the tenth year running.

From the Tees Estuary to the area’s vibrant towns, the Tees Valley is a place where heritage and modernity converge. The quality of life is exceptional - but the real attraction for medical professionals is a location where you can make change happen, make a real difference and make the most of every opportunity to learn, develop and enhance your career.

The quality of life for professionals in the North East is great with easy access to attractive countryside and beaches, a choice of highly rated schools and good travel access to the North and Scotland, the Lake District or the South by road, rail or air. Recent housing developments offer a multitude of choices on both the outskirts of the town and then beyond into the smaller villages.

Applicants should possess full GMC registration, MRCP (or equivalent) and either already be on the Specialist Register or be within 6 months of receiving their Certificate of Completion of Training (CCT) at the time of interview.

The successful candidate will be appointed under the current terms and conditions of service for NHS Consultants. Full consideration will be given to applicants who wish to apply for a reduced/part time contract.

Please see the full job descriptions on line; visits to the Centre are strongly encouraged, to fully appreciate the harmonious working relationships across the Trust and specifically how these developments in acute medical and older persons pathways would make working in this a fulfilling career in older persons medicine.

For further information about the post or to arrange an informal visit, please contact Mr Neil Hebblethwaite, Clinical Director on (01609) 763079 or Dr Sath Nag, Medical Director on (01642) 854307.

For queries relating to your application or the process, please contact the Resourcing Team on 01642 854811.
Consultant Head & Neck Radiologist

Middlesbrough - none (South Tees Hospitals NHS Foundation Trust)

Salary: National Pay Scales Apply  
Job Type: Permanent

Reference: 328-C0201  
Closing Date: 16 Oct 2016

South Tees Hospitals NHS Trust is the largest Trust in the Tees Valley, comprising two acute sites; James Cook University Hospital, Middlesbrough, Friarage Hospital, Northallerton and seven community hospitals. South Tees offers several major tertiary services, including cardiothoracics and vascular surgery, neurosciences, renal dialysis, a large radiotherapy centre and is a Major Trauma Centre. The Trust is a teaching centre for under and post graduate medical education and has a Radiology registrar training programme.

The Division is nationally acknowledged as one of the top performing Imaging and Interventional services. Complex vascular stenting procedures have been performed for 14 years. The NVD data base confirms excellent mortality outcomes for endovascular treatment of aortic aneurysms. The Division has its own 6 bedded Day Unit with a supporting team of skilled nurses and radiographers to support patient intervention and diagnostic procedures.

The combined departments provide a full range of digital imaging facilities including 2 x 1.5T MRI and 3 x multi-slice CT scanners and a fully equipped Endovascular room to theatre standards. There are 2 x 64 slice scanners and we are currently procuring a replacement 128 slice system which will be operational in 2014. Further 64 slice CT and 1.5T MRI machines occupy a geographically separate Neuro-imaging department with a research orientated 3T MRI machine also available for NHS cases. There is Trust-wide second generation PACS with voice recognition reporting.

Consultant Radiologists work as a strong team both within the Division and with other clinical colleagues. Weekly MDTs and clinical meetings are held across all specialities to promote best practice and patient outcomes.

We are inviting applications for an enthusiastic and skilled colleague to join this team and help expand and develop the Radiology service.

The successful applicants will be expected to contribute to these services and the general workload, holiday and sickness cover for colleagues. The department operates extended and seven day working; sessions can be worked flexibly.

The quality of life for professionals and their families in the North East of England is excellent with easy access to attractive countryside and coast including the Yorkshire Dales and North York Moors National Parks. There are several local highly rated schools and attractive market towns and villages.

Applicants should possess full GMC registration, FRCR (or equivalent) and either already be on the Specialist Register or be within 6 months of receiving their Certificate of Completion of Training (CCT) at the time of interview.

The successful candidate will be appointed under the new terms and conditions of service for NHS Consultants. Full consideration will be given to applicants who wish to apply for a reduced/part time contract.

For further information about the posts or to arrange an informal visit interested applicants are kindly invited to please contact Dr. Simon Milburn, Clinical Director on 01642 854822. For queries relating to your application or the process, please contact Tanya South-Fitzhugh, Resourcing Specialist-Medical on 01642 854811.
Apprenticeship: Healthcare Only

Middlesbrough - none (South Tees Hospitals NHS Foundation Trust)

Salary: £9,151 - £15,251  Job Type: Apprenticeship

Reference: 328-APPRENTICEHCA  Closing Date: This job advert will close as soon as sufficient applications have been received.

An exciting opportunity has arisen to undertake an apprenticeship within South Tees Hospitals NHS Foundation Trust for a caring and compassionate person who is keen to start a career in a healthcare role within the National Health Service.

About You

As an apprentice you will be trained in the full range of nursing skills. You will use these skills to meet the needs of the patient in a safe, caring environment that promotes dignity, privacy and respect, under appropriate supervision. You must be able to prioritise your own work to meet deadlines, have the ability to follow instructions and have excellent communication skills, both verbal and written. You will be confident, have a mature and flexible approach, be a good time keeper and have the ability to work unsupervised to ensure the effective coordination of duties.

In return we will ensure that you receive all the training you need to be able to do this role fully and competently. You will be released for study and supported to achieve a framework of nationally recognised qualifications. You will receive 27 days annual leave and be entitled to a range of discounts on services and products from a number of retailers and organisations in the local area.

The minimum entry requirements are 2 GCSEs *A – C or level 2 in English and maths (or equivalent).

Applications cannot be accepted if you have:
  * a level 4 qualification or above (ie HND, HNC, first degree, foundation degree, degree or honours) you are not eligible for apprenticeship funding and should not apply.
  * Previously completed a business administration qualification or apprenticeship (in the same field) at level 2 or level 3, you are not eligible for further or similar apprenticeships

Shortlisted candidates are required to attend an information event and initial assessment prior to being offered an interview.

Important Dates:

Closing Date:

Advert will be open 1-2 weeks dependant on number of applicants.

Suitability Interviews

Between 26th September - 7th October 2016

Initial Assessment

18th & 21st October 2016

For further details contact Stephanie Coleman on stephanie.coleman@stees.nhs.uk
Applications are invited for the position of Clinical Fellow in Cardiothoracic Surgery. The post is to start as soon as possible for 12 months, with the view to a possible extension (following satisfactory annual appraisal).

The successful candidates will participate in the same rota as the eight other higher surgical trainees (national and non-national), currently 1A and enjoy similar training opportunities. The unit undertakes over 1100 cardiac operations and more than 600 thoracic operations per year. The unit specialises in minimally invasive cardiac and thoracic surgery, including robotic-assisted.

The post will suit a candidate who fulfils the criteria for appointment as a Specialty Registrar in Cardiothoracic Surgery, or equally to someone who is looking for further experience to fulfil those criteria. Alternatively, it would suit a candidate post-CCT who wishes further or specialised operative experience.

Previous experience in the specialty is essential. A postgraduate qualification is desirable. Full GMC registration is required.

Salary: Current ST3 grade, depending on experience. The post is subject to the Trust Terms and Conditions.

Candidates are encouraged to contact Mr Jonathan Ferguson, Consultant Cardiothoracic Surgeon on Tel: 01642 282885 or jonathan.ferguson@nhs.net, or Mr Ralph White, Consultant Cardiothoracic Surgeon on Tel: 01642 854242 or ralph.white@nhs.net, for more information on the above vacancy.

Alternatively, contact a current Clinical Fellow via switchboard (bleep 5293).

PLEASE NOTE THAT WE CONTACT ALL APPLICANTS VIA EMAIL AND WOULD ADVISE YOU TO CHECK YOUR EMAILS REGULARLY.
Consultant in Medical Microbiology  
Middlesbrough - Microbiology (South Tees Hospitals NHS Foundation Trust)  
Salary: National Pay Scales Apply  
Job Type: Permanent  
Reference: 328-C02023  
Closing Date: 23 Oct 2016

Applicants should possess full GMC registration, MRCPath (or equivalent) and either already be on the Specialist Register or be within 6 months of receiving their Certificate of Completion of Training (CCT) at the time of interview.

The successful candidate will be appointed under the current terms and conditions of service for NHS Consultants. Full consideration will be given to applicants who wish to apply for a reduced/part time contract.

South Tees Hospitals NHS Foundation Trust is one of the largest Trusts in England, comprising of The James Cook University Hospital, Middlesbrough and the Friarage Hospital, Northallerton. The James Cook University Hospital is a major tertiary and teaching centre with over 1,000 beds, serving a largely urban population. It provides comprehensive regional specialties including Cardiothoracic Surgery, Neurosurgery, Maxillofacial Surgery, Plastic Surgery, ENT and Ophthalmic Surgery. It is a regional centre for Spinal Injury, Upper GI and Vascular Surgery. All other major specialties are catered for.
